Message from Chairman

We invite healthcare institutions, medical professionals, and global manufacturers to partner with us in shaping the future of healthcare in Libya. Together, we can drive innovation, enhance medical accessibility, and improve patient outcomes.

**Ahmed Abuoqjaylah
Amhimmid Sabir**

Chairman

At Libyan Specification Group Company (LSG) for Importing Medicines and Medical Equipment, we are driven by a mission to enhance the healthcare sector in Libya by providing world-class pharmaceutical products and medical equipment. Our commitment to excellence is reflected in our rigorous sourcing process, strategic partnerships, and unwavering dedication to quality and innovation.

Since our inception, we have built a reputation for reliability and professionalism in the medical industry. Through our owned pharmacies and distribution networks, we ensure that essential medicines and equipment reach healthcare professionals and patients efficiently. Our collaborations with leading global manufacturers, including Médis and Siphall in Tunisia, Cooper in Morocco, Vitter Blue in Poland, and Medo-chemie in Cyprus, allow us to introduce cutting-edge healthcare solutions tailored to local needs.

We recognize that the healthcare landscape is constantly evolving, and we remain committed to staying ahead of industry trends. By investing in research, market analysis, and continuous improvement, we strive to be at the forefront of medical advancements. Our goal is not just to distribute medical products but to contribute meaningfully to the betterment of public health in Libya.

We also take great pride in our corporate social responsibility initiatives, supporting charitable organizations and medical convoys that provide vital healthcare services to underserved communities. Our dedication extends beyond business; it is about making a lasting impact on people's lives.

About us

At Libyan Specification Group Company (LSG) for Importing Medicines and Medical Equipment, we are committed to elevating the healthcare industry in Libya by delivering high-quality pharmaceuticals and medical equipment.

Our mission is to bridge the gap between global healthcare innovations and the local medical sector, ensuring accessibility to world-class products for healthcare providers and patients. With a strong foundation built on expertise, integrity, and reliability, we have positioned ourselves as a trusted partner in the medical supply chain.

Our operations extend beyond simple distribution—we actively engage in research, market analysis, and strategic collaborations to ensure that the latest medical advancements reach the Libyan market efficiently and affordably. Our specializing includes:

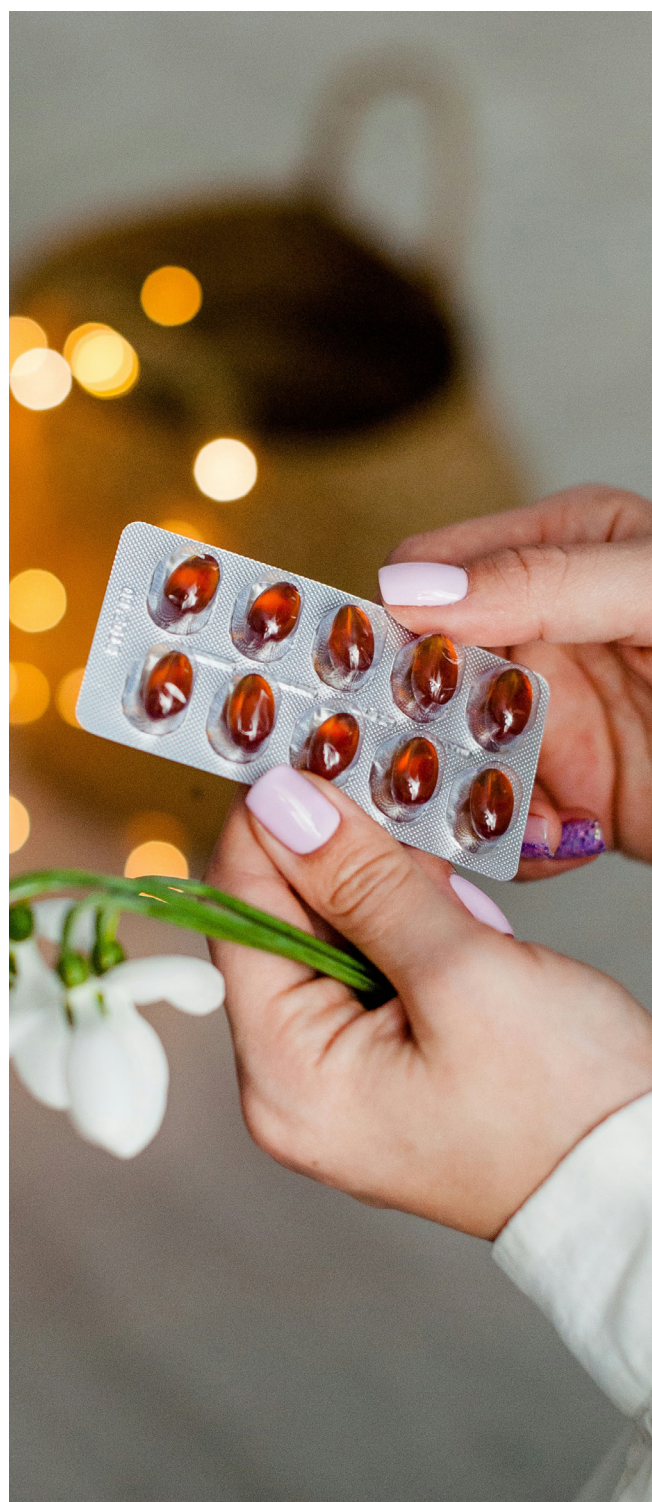

1. MEDICINES

Importing and distributing a wide range of pharmaceutical products catering to various medical specialties in Libya.

2. MEDICAL EQUIPMENT

Providing cutting-edge medical technology to hospitals, clinics, and laboratories.

Our extensive product portfolio supports multiple medical fields, including dermatology, ophthalmology, urology, cardiology, endocrinology, and respiratory health. We take pride in representing globally recognized brands such as Pierre Fabre, La Roche Posay, Ducray, Alcon, Allergan, Unimed, AP Pharma, and many others, ensuring that our customers receive only the best products available in the industry.

Strategic Statements

Vision

To be Libya's leading provider of pharmaceutical and medical equipment solutions, connecting global advancements with local healthcare needs to enhance patient outcomes through innovation and excellence.

Mission

Our mission is to transform Libyan healthcare by providing advanced medical solutions, building global partnerships, and ensuring access to high-quality products for optimal patient care.

Objectives

- Build strong partnerships with global pharmaceutical and medical equipment manufacturers.
- Supply innovative, high-quality medical products tailored to Libya's healthcare needs.
- Invest in medical education and professional development to elevate industry standards.
- Promote research and collaborate with healthcare institutions to tackle emerging challenges.
- Support humanitarian efforts by providing essential medical supplies for underserved communities and emergencies.

Values

- **EXCELLENCE:** Delivering superior quality in all aspects of our business.
- **INTEGRITY:** Upholding transparency, honesty, and responsibility.
- **INNOVATION:** Advancing medical technology for better healthcare.
- **PARTNERSHIP:** Strengthening ties with global suppliers.
- **COMMUNITY IMPACT:** Enhancing public health and access to essential medical resources.

Why choose us?

At Libyan Specification Group Company (LSG) for Importing Medicines and Medical Equipment, we go beyond being a supplier—we are a strategic healthcare partner dedicated to improving lives.

Whether you're a medical professional seeking reliable products or an international manufacturer looking to enter the Libyan market, we are your gateway to a successful and impactful collaboration.

- **Global Partnerships:** We collaborate with leading pharmaceutical and medical equipment manufacturers worldwide, guaranteeing superior quality and compliance with international healthcare standards.
- **Market Expertise:** With a deep understanding of the Libyan healthcare landscape, we provide tailored solutions that address the specific needs of medical institutions and professionals.
- **Customer-Centric Approach:** Our team is dedicated to providing exceptional service, ensuring timely deliveries, and offering comprehensive support to our partners.
- **Commitment to Innovation:** We continuously explore new advancements in medical technology to enhance healthcare delivery and improve patient outcomes.
- **Corporate Responsibility:** As part of our commitment to the community, we actively support medical convoys, charitable initiatives, and healthcare awareness programs.

Medicines Supply

Established on April 23, 2024, Libyan Specification Group Company (LSG) was founded to meet the growing healthcare demands in Libya. We specialize in the import and distribution of high-quality medical supplies and equipment, ensuring the availability of superior healthcare solutions across the region.

At LSG, we are committed to sourcing and distributing premium pharmaceutical products that meet the highest international quality standards. Our extensive network of globally recognized brands enables us to provide a diverse range of medical solutions tailored to various specialties. By ensuring the availability of reliable and effective medical supplies, we support healthcare professionals in delivering superior patient care.

DERMATOLOGICAL

Medicines Supply

ENDOCRINE HEALTH AND DIABETES MANAGEMENT

We provide essential medicines to manage endocrine disorders and diabetes, improving patient outcomes and quality of life.

RESPIRATORY HEALTH

Our respiratory care portfolio includes advanced treatments for conditions such as asthma and COPD, sourced from leading pharmaceutical companies.

General Medical Equipment

At Libyan Specification Group Company (LSG), we understand the critical role that advanced medical technology plays in modern healthcare.

We source and import advanced medical equipment from top global brands, ensuring Libyan healthcare institutions have access to high-quality tools tailored to their urgent needs.

NEEDLE INJECTION

Precision-engineered needles and syringes designed for safe, comfortable, and effective patient care in injections and fluid management.

TEMPERATURE MEASUREMENT

Reliable thermometers and temperature monitoring devices to ensure accurate readings for timely diagnosis and treatment.

DENTAL EQUIPMENT

High-quality dental instruments, from diagnostic tools to treatment devices, crafted for ease of use, durability, and patient comfort.

General Medical Equipment

BLOOD PRESSURE MEASURING DEVICES

Advanced blood pressure cuffs and monitors designed for accurate, easy readings, empowering healthcare providers to monitor patients' cardiovascular health.

DIABETES MEASURING DEVICES

State-of-the-art blood glucose meters and accessories that provide real-time monitoring, giving patients and healthcare providers essential data for diabetes management.

Special Medical Equipment

Our specialized medical equipment solutions are crafted for a variety of medical disciplines, delivering enhanced diagnostic accuracy and treatment effectiveness.

These tools are crucial in providing tailored care across multiple specialties, helping healthcare professionals make critical decisions with confidence.

GASTRO CLINIC SOLUTIONS

Cutting-edge equipment for gastroenterology practices, from diagnostic scopes to therapeutic tools, ensuring precise and effective treatment of digestive health issues.

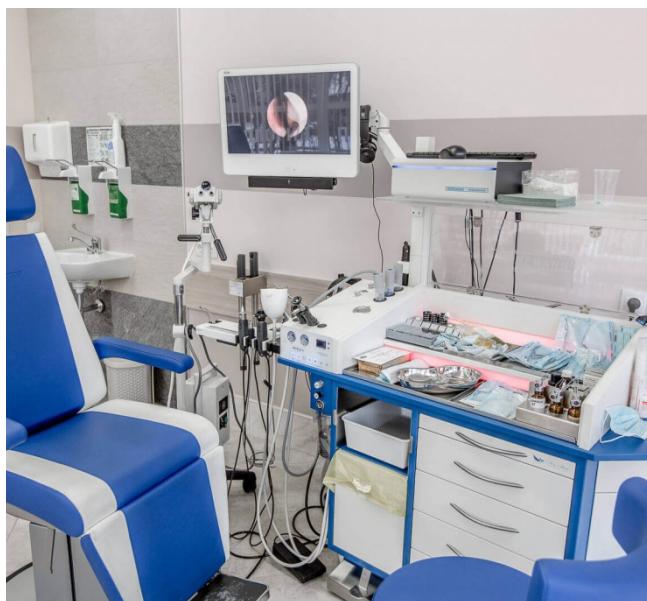

ENDOSCOPY EQUIPMENT

High-definition endoscopes and related tools that provide detailed internal views for accurate diagnosis and treatment during minimally invasive procedures.

Special Medical Equipment

OPHTHALMOLOGY CLINIC SOLUTIONS

Innovative diagnostic and treatment equipment designed for eye care professionals, enabling comprehensive eye exams and treatments for patients of all ages.

ENT EQUIPMENT

Specialized tools for the diagnosis and treatment of ear, nose, and throat conditions, featuring high-tech imaging and precision instruments.

Special Medical Equipment

ENDOCRINE

Advanced diagnostic devices for endocrine-related conditions, including hormone measurement tools and specialized systems for accurate testing and management.

RESPIRATORY CARE SOLUTIONS

Cutting-edge respiratory equipment, from diagnostic monitors to therapeutic devices, ensuring patients with breathing challenges receive the best care possible.

Laboratory Equipment

We equip medical laboratories with high-quality medical analysis equipment and reagents, ensuring accurate and efficient diagnostic testing.

Our solutions enable labs to perform a wide array of tests with the utmost precision, contributing to faster diagnoses and better patient outcomes.

MEDICAL ANALYSIS EQUIPMENT

Advanced diagnostic machinery and analysis tools designed for high throughput and reliability, essential for laboratories offering various testing services.

REAGENT MATERIALS

A wide selection of reagents and consumables for medical analysis, enabling laboratories to deliver precise and reliable results for critical testing.
